Headmaster's Message

Now that was a quite a year! It was full of excitement, events, success, challenges, and opportunities. At times, it becomes difficult to remember it all, and thus the value of our yearbook – VERITAS. Memories of our years at school are so important, so wonderful, and this is why I love the yearbook. You can just feel the excitement in the air the day it arrives. It is a time where staff and students share a moment of collective reflection on the year that was. The stories are real, the characters alive, and the value of this publication can never be underestimated.

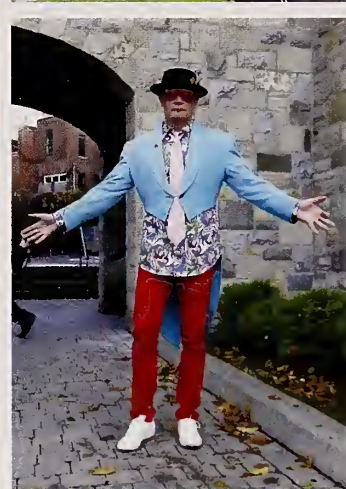

L'année scolaire 2012-2013 fut toute une année! Elle a été remarquable à tellement de points de vue. Il y a eu des triomphes et des échecs, des hauts et des bas, ainsi que des moments chargés d'émotions, mais au final et en deux mots: l'année a été excellente. Une fois de plus, le présent album de finissants occupera une place bien spéciale dans ma collection d'objets précieux. Il continuera de me rappeler tout ce que représente l'école Selwyn House et tout ce que cette école offre de formidable. Il constitue également le reflet de la contribution de l'ensemble de notre milieu. Cet album présente d'importantes archives pour le plaisir de tous et je souhaite qu'on ne le tienne jamais pour acquis.

Of course this yearbook would not be possible without vision, dedication, passion, and an abundance of commitment and hard work. Everyone involved has again risen way beyond the call of duty. We have marvelled at the abilities and leadership of our student editor, Ben Bedard, who has been helped and supported by students Luca D'Angelo and Hou Ji Yao. Their work is so impressive, and we all owe them a great deal of gratitude. Congratulations Ben! You have left quite a departing legacy.

Educators make huge differences, have tremendous influence, and once again, the desire, effort, and talents of Mr. Bill Bedard and Ms. Julie Heath have been so obvious. Year after year they apply the same high level of passion and dedication, and each year we all receive their wonderful gift. The reality is this publication would not happen without them. They never ask for praise, they are clearly not involved to receive public acknowledgement, but they continually provide an example to all as to the true meaning of VERITAS. We could not ask for much more. On behalf of the entire community, I would like to thank Bill and Julie for completing yet another herculean task. We are so appreciative of all you have given us.

As you journey through the pages of this publication, I hope your own memories will come alive. It is a great time to reflect and an opportunity to be inspired. I know I will.

Read on and enjoy!
Hal Hannaford, Headmaster

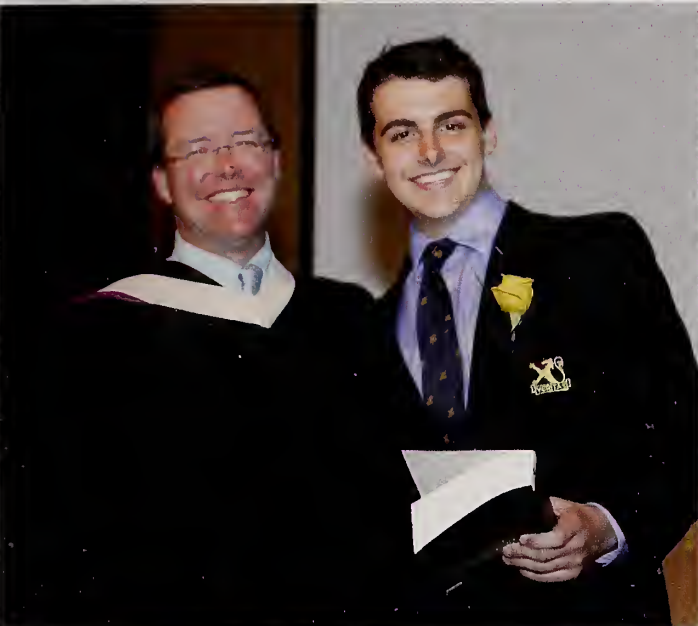

Yearbook & Photography

Wow, I never thought I'd end up with pages in the yearbook all to myself! It's been a great run these past three years helping to create the books that will hold our memories forever. I'm glad that despite the grueling Monday afternoons working on yearbook, that I stuck it out and ended up as this year's editor. I grew up hearing stories about how the yearbook editor is a core component of any school. My dad used to have at least five applicants every year for the position and only the best of the best would be chosen to lead the yearbook team. Unfortunately those days are no longer. I wish I could write here about how I was the top choice of about fifteen other guys, but that just doesn't happen anymore. Interest in yearbook has slowly been dwindling over the past couple of years. The picture above shows our entire student staff. Together with Ms. Heath and my dad, we put this entire book together; all 192 pages.

The problem as I see it, is that no one understands the true value of yearbook anymore. The way things are headed, the class of 2017 might not even have a yearbook due to the rate of decline in student participation. I have learned so much in this course over the past three years; I cannot begin to list everything. It truly saddens me to see the number of students that are missing out on this wonderful opportunity. Some of the first money I earned was as a graphic designer using skills that I took almost directly from yearbook camp. I want to congratulate next year's student editor Luca D'Angelo for the amazing book that he will put together. No one really understands what goes on behind the yearbook doors until they get there. He has a major challenge ahead of him, currently being the only student involved in the yearbook course, but I am confident he can survive if other students get involved. I hope all of you enjoy this book and I encourage anyone who does to ask how they can help the yearbook out in the future, for the future!

Benjamin Bedard

These last five years have gone by so fast, but before I know it, I'll probably be in university soon. I'll never forget moving up grades and having a different experience every year. I'll always remember lunchtimes where all the boys got together and laughed. Even though everyone complained about the bad lunches, we all know that we're going to be laughing about it cherishing the memories down the road. I'm going to miss "Hot Bread!", "You're done!", screaming randomly with NK and JP and all the crazy things we did. I'll admit it but I'm going to miss putting on my uniform. I'll always remember getting on the bus for practices and games. I'd like to thank all the teachers that I have had that helped me learn how to become a better individual. I also would like to thank all my coaches that taught me so many life lessons and values. Good luck to all the undergrads and enjoy Selwyn House as much as possible. Shout out to THE BOYSS. Keep it chillin. <3 You can't take Selwyn out of me.

I can't believe my 12-year run is coming to an end. Throughout this journey, I have been blessed to have so many great teachers. Every one of you had a big impact on me, especially PS, CD, MM, CL, both KBs, TD, all the gym teachers and Minna. Thank you Mr. Merritt for your great advice. Thank you Mr. Downey for being the best director I can ask for and for being a great person. Thank you Mr. Maurovich for being such a great mentor. Thank you to my parents and both my sisters for being extremely supportive for the last 12 years; I am forever grateful. Finally, to the boys, you know who you are. Without you guys, I wouldn't have lasted very long. We've had so many memories like grad weekend, the eye, and of course all the things we did in class. I consider every one of you to be my brothers, and I really hope to stay close in the future. So now I'm moving on from Selwyn, but I will always remember every single thing we did.

As a student that transferred from Bialik to Selwyn House in Secondary IV, I am gifted with the opportunity to truly appreciate the Selwyn Life. Things just make sense here. I never back down from the chance to advocate this school to everyone who asks. I must say that these two years at Selwyn House have undoubtedly changed my life for the better. I have never met a better senior school director than ours; the Great Mr. Downey. Memories made here that'll definitely stay with me for my entire life consist of Grade 10 retreat, Grad Trip, Grad 2013, and the legendary Senior Skip Day. The relationships established with the friends I met here will last forever. Shoutout to ma boyz... Chillers keep it chillin' and never forget what we had here. I know I won't. FOR DA BOYZ.

"Time you enjoy wasting, was not wasted." -John Lennon

Baron

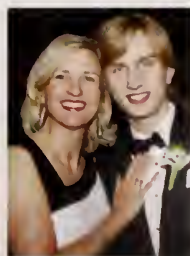

Coming from a different school in Grade 7, it took me a while to turn into a Selwyn student. I have made many chums here and I wish to keep my circle of friends. Here, I found my identity and stopped caring about what anybody said to me, and that's something that will stay with me forever. I'm going to miss the jokes we had in Mr. Searle's math class, and the conversations I had in English class with our end of the table. Shout out to Mr. Maxwell for dropping knowledge bombs like no one else. I had countless memories at Selwyn, but my favourite is when Eurim's blazer caught fire in the physics lab. All in all, I want to give a big thanks to my parents for working incredibly hard to pay for my education, and all the teachers who taught me.

"I hear and I forget; I see and I remember; I do and I understand"
- Confucius

Baxter

After 12 great years at Selwyn House, I'm finding it pretty hard to sum up my thoughts and experiences in only 1000 characters. But here goes. These have easily been the most important years of my life, and I know that the friendships I've made here will last forever. Thanks to all the great teachers who became our friends and to all my friends who have become brothers. The athletics, the arts, the studies, shooting the breeze, the good times, the hard times, through all of it our class has grown closer and closer. I can't think of anyone else I'd rather have spent these many years of my life with. I'm honoured to be graduating with these boys, and to have been mentored by these brilliant teachers. It seems surreal to be saying goodbye; I always knew I would have a last day at Selwyn, and that there would be a last time I donned my Veritas uniform and walked through the doors. It seemed so far away, but I guess the time has finally come. Goodbye, Selwyn House. It's been real.

Wow, it feels like just yesterday I was entering Grade 6 scared and alone. I really loved my time here and I feel like I owe so much to the school. Shout out to NC, Y-MM, CM, SS, and many others for accompanying me along my journey through Selwyn. I have grown up so much and I have loved every minute of it. My family has also been amazing. Shout out to NB who still has to complete his time here. Enjoy it! These are the best years of our lives; from the stupid, reckless, and fun decisions, (SSD2013), to the bonding moments in the company of our best friends. I'll always carry these memories with me and hope to look back on this page, eventually, down the road, and remember all of the great times we had. "Now and then it's good to pause in our pursuit of happiness and just be happy." Congrats to all the grads of 2013!

In sooth, I really, truly, veritably, sincerely, honestly, verily, deeply, greatly, unwaveringly, honestly, candidly, unconditionally, love you guys all indescribably, uncontrollably, undeniably, unarguably, and I always will, forever and ever. Selwyn House was kind. I will DEFINITELY miss you guys. Maybe.

I can't believe the time has come so fast. It's time to leave Selwyn House. It's only been two years, but an amazing two years nonetheless. These last few weeks have been unreal. I can't believe that I am actually graduating, but writing this makes it so much more real. I need to thank all my classmates for giving me one of the greatest experiences of my life. And I hope to see many of you in the near future. Also thanks to some of the greatest teachers I've ever had KB, TD, DG and VA. I can't believe it's time to go; it felt like it would last forever. But this is just the beginning, cheers to all the boys who made my time here so special. Congrats Class of 2013, I hope our paths cross again in the near future.

Selwyn was different. That much can surely be said about my experience here. The differences between it and other schools are striking at first. On my first day, there was static in the air, a competitive edge. But simply saying that Selwyn was different because of the competitive air would not be enough to convey how much fun it was. Having a staff that loved their job made it feel like there was something worth learning. But what you learn at Selwyn does not stop at what the teachers tell you, or at the textbooks.

It was the best decision I've made thus far. Five years in the home of the crazy and fun guys I know today. From the Italy trip, to burning my blazer with MT and WB, my time at Selwyn was full of these moments where I felt a rush of emotions that made me feel lucky and happy to be there. A lot has changed these five years, and I have changed with it. Selwyn helped me discover more about myself and helped give me confidence for the scary yet exciting future. For the most part, you guys were the essential component. The catalyst that helped me feel at home; even with the long commute I faced every day. Your dreams about becoming doctors, lawyers, and businessmen in truth were already fulfilled. You helped me through the wounds brought by stress and life, protected me from the world's dangers, and taught me about the currency of joy. So whoever's reading this, 10, 20, or 50 years from now, always know that regardless of how the world changes, you're all my brothers and friends 'til the end.

How can I summarize nine years of memories in a short paragraph? I have never considered myself a romantic, but I am going to truly miss this place. Not the building itself of course, or even the classrooms, but the people that wander the halls, filling this place with laughter, knowledge and passion. My classmates, of course, I'll miss. Though we may have small conflicts here and there, I can confidently say that I consider these people my brothers, linked by bonds forged inside and outside of class. And it is when we are together that we can do things that are truly remarkable (SSD 2013). But this could be the case at any other all boys school. What makes Selwyn special are the teachers. I cannot count the number of instructors I have had over the past years that have had a significant impact on my life, and my outlook upon it. Every teacher that I have had, and I truly mean EVERY teacher, has taught me valuable things about life, and all of them are thoughtful, intelligent people, dedicated to doing what they love. To conclude, I'm sad to see this place go, but optimistic for the future. I only hope I meet people half as wonderful as those that I have spent time with at Selwyn.

My years at Selwyn have been both the best and worst years of my life, but I want to thank everyone who was there to make them memorable, friends (SB, CLS, CM, NS, YW, KR) and teachers (LF, MM, KB, BM) I never expected to enjoy my time here, but I grew to love the place and I'm going to miss it. These were the years and this was the place that helped me grow, hopefully becoming the person I will be for the rest of my days. I hope that as we carry on in our lives we never lose the bonds we formed, and one day down the road we can all get together again and have one last conversation about life, the universe, and everything in it. Be excellent to each other.

"I can't believe I ate the whole thing."

Twelve years later and here we are. I can't believe I made it this far, because there were times I almost didn't. I know nowhere else will ever quite feel like home, and what I'll miss most won't be the education I received in class, but rather, the one I got in the halls, in the offices, in the SLC, in the Red Room. A huge thank you to all those around me and especially the entire English office for being an awesome place. Above all, LF and LM; you saved me more times than I can count. To SB, sometimes supinated, always bronated. To CLS, CM, JD for being some of the best bros. To AA, NV, JF for loaf times until 5:30 pm. Never forget us, and thanks for the ride. Be who you want to be and you'll be happy. Never change.

When I think of myself going through high school somewhere other than Selwyn, it practically makes me sick. This is my second home, and I cherish every moment spent here. I want to thank my parents for all the support throughout my six years at Selwyn. I'd also like to thank all of my teachers for making everything a memorable experience. Shoutout to KB, MD and JM for being there for me. Also I'd also like give a big shoutout to my BOYS, keep it real bros.

Samuel
Fagen

Becoming a Selwyn graduate is one of the most important accomplishments I have yet to reach. I am convinced that this early milestone in my life will greatly benefit myself in future endeavours. The friendships that I have shaped in these three rapid years, have been absolutely incredible and simply unforgettable. I would like to say thank you to all of my friends that helped me through my Selwyn experience, I'll never forget you boys. I would also like to thank the senior school head, Mr. Downey, for always being respectful, reasonable and sincere throughout his career. This school has always been so understanding, allowing everyone to get along with ease.

Jordan
Fefer

"Life should not be a journey to the grave with the intention of arriving safely in an attractive and well preserved body, but rather to skid in sideways, chocolate in one hand, wine in the other, body thoroughly used up, totally worn out, and screaming, 'WOO HOO, what a ride!'" - Hunter S. Thompson.

I wish everyone good luck and success in any future endeavours, but above all, happiness. I enjoyed my time at Selwyn House with all of you guys and look forward to see what the future holds for us. Let's keep in touch.

Some people hate their years of high school. Others look back on them fondly, but in reality, they were miserable. As I live through my last days at Selwyn, I've realized that I've wholeheartedly loved my time here. Our grade has evolved so much over the past 12 years. We were once just a group of individuals, but now, we're a cohesive entity that I'm incredibly proud to be a part of. To me, Selwyn has been a surreal combination of comedy, stupidity, and chauvinism that can never be recreated. Thank you to the teachers that made the experience worthwhile: to BM for your sense of humor, to TD and KB for sparking my love for science, to JB, LP and LF for my ability to write and debate, to CL and DL for being the voice of reason. Mom and Dad, thank you for making me into who I am today. Brother, thank you for your wisdom. Most of all, shout to the boys for making the experience memorable. FOR THE BOYS.

I am speechless, I can't express just how wonderfully awesome you all are. My two years here are the the two best of my academic career. Thanks to my parents, and teachers for putting up with me. I hope to see all of you guys after Selwyn.

"Don't cry because it's over, smile because it happened."
Dr. Seuss

I got here in Grade 10, afraid and alone. For the first few days I kept to myself, only speaking when completely necessary. Then, I met NV, AI, KH, SZ, JF and FR. They helped me integrate slowly but surely. I know I could have done many things differently to make things go better, but now – two years later – I am very satisfied with all my actions. I made good choices - like choosing to take part in the CAIS conference in 2012 – and I made some reckless ones, most of which should probably not be spoken of. I'd like to thank my family for sticking with me, and I'd like to thank the Class of 2013 for amazing times. Also thank you to DB and Y-MM for the amazing grad weekend. Finally, I'd like to give a huge thank you to Minna Shulman for putting in tons of effort to make our graduation as amazing as possible.

I remember walking into Selwyn five years ago with no idea what was going to be next. Starting high school was a big deal for me and it was my friends that really helped make the last five years the best of my life! I want to give a shout out to the boys who have made my experiences at SHS as amazing as it's been, specifically QW, GP, IM, UP, SZ & HT to name a few. Selwyn's been good to me and it's finally time to say goodbye to the school who took me in and treated me like family. I'm going to miss all the good memories we had (watching TSN, Friday Night Outings) and the great friendships that were created because of this. To the teachers, you guys were all mentors, and I appreciate everything you've done for me. I'll always remember those chemistry classes with KB where his reactions were more interesting than the actual chemistry (helium balloon) and the good times spent with each individual teacher and the memories that will last an eternity. Congrats boys, we finally graduated!

Alexander
Ingrouille

Wow! Where has the time gone? Three years, it feels like yesterday, arriving early and sitting in Coristine to be welcomed to Selwyn by Mr. Hannaford. I was introduced to the grade progressively throughout the day. Now three years later I am standing here waving the school goodbye. I have had an absolute blast here, but that wouldn't be possible without the great people who helped get me through the years. These teachers helped me get through: KB, TD, DG, MD, MM and can't forget PS. Yet school wouldn't be the same without friends and I am lucky enough to have my close friends: FR, KH, NV. Without the boys, my years at Selwyn would have been a very different experience. Everyone has a chance to leave a lasting impression when they leave high school. I was privileged enough to have support in creating mine. My dreams became reality when Selwyn's first ever swim team was created. The GRADS of 2013 will be forever remembered for their epic SSD. Remember boys Hamba kahle, Sala kahle and it's FTB.

Nazar
Khan

Wow! These 12 years have passed by so quickly. Thanks to my parents and my brothers for all the support throughout these last 12 years. Thanks to all my teachers...no more loud noises in the halls and the classrooms. I especially want to thank my favourite teachers: Mr. Deegan, Mr. Merritt, Mr. Govan, and the legendary Mr. Mike Downey for everything. Lastly, shoutout to all ma boyzz, you know who you are, love you all...keep it chillin'. Never gonna forget all the memories: Grade 10 retreat, Grad Trip, Grad '13 and Senior Skip Day 2013. FOR THE BOYZ!! I don't know what I'm gonna do without Selwyn (then again I don't know what Selwyn's gonna do without me).

"In three words I can sum up everything I've learned about life: it goes on." - Robert Frost

It's been eight incredible years with an infinite amount of unforgettable memories. I'd like to deeply thank my family for supporting me and allowing me to attend this paradise. I couldn't have done it without my brother Gerry, who has provided me with invaluable advice over all these years. To all those who have taught/coached me, especially MD and MM, I sincerely believe that you helped mould me into the person I am today, and for that, I am grateful. Finally, to my Gryphons. You guys are undoubtedly the best group of men I have ever met, and the bond we have formed among us will last forever. Growing so incredibly close in our last year was the best thing I could have possibly hoped for. Shout out to my TMR connection (the one and only wolfpack), and the rest of the goonsquad. Through thick and thin, we've always been there for each other and I know in my heart that I will always be able to count on you guys. Congratulations to the graduating class of 2013! FOR THE BOYS.

Michael
Kounadis

Wow, guys... I can't believe we are graduating already. When I came to Selwyn in Grade 5, Grade 11 seemed CENTURIES away. Yeah, I know this might be cheesy, but the last six years have changed my life and have given me memories I will NEVER forget. I'm so glad I got to be friends with many of you; you boys really made my memories of high school good ones. I know you guys don't like being in school now, but SO I'VE HEARD, you will always miss the years you spent at school as a kid... I must admit, I am starting to feel them already. I don't think I will ever forget Mme. Pachis' "Jordan! Sort!!!" in Grade 5 or Mr. T. Downey's "true stories" about his adventures with Mr. Moffat in Grade 10 Science, or any of the other countless times I've had with you guys over the years. I also want to thank my parents (including, but not limited to, paying my tuition, thanks guys) for their ongoing support ever since I stepped into the Admission office before the 2006-2007 school year. THANK YOU ALL!!!

Jordan
Kruger

There's not much I can say in such a small space about Selwyn but I'm gonna try to fit it all in here. I'd like to start by thanking my parents for supporting me all this time. I'd like to thank all my teachers for making this such an amazing experience. Special thanks to Ms. Lumsden for all those hours in tutorial, probably more than in your class. Thanks to Mr. Maurovich for being such an inspirational coach. Thanks to Mr. Downey for making our last year such a great one. And thanks to Mr. Maxwell; keep up the new suits sir. Honestly though, it all comes down to the BOYYYYZZZZZZZZ. You guys have been the best bunch of friends anyone could ask for and I hope we all stay close. Keep in your minds the legend of the Gryphons, Senior Skip Day, and let us not forget all the amazing trips and sports games we had. All the legendary moments we had together might not be written in here but they're written into our minds. #FTB

After spending 12 years at Selwyn, I now realize how great this school truly is. All my best memories have been forged here. Now that I am finally leaving Selwyn, I realise I'm really going to miss it. I would like to thank my parents for all the support they've given me throughout these years. Thanks to all the teachers who put up with me for the past 12 years. Shoutout to TD, JM and the man, the legend, Mr. Govan. Shoutout to MA BOYZ, you know who you are, I love you all. Keep chillin' boys.

Connor
Lundell-Smith

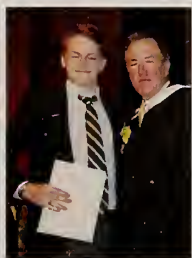

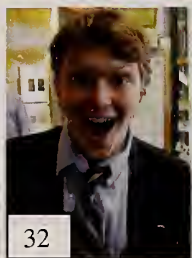

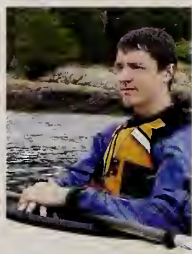

I doubt that I've ever known or ever will know a sense of comradeship like the one I've felt at Selwyn. It has been there every second in every class. I'll always remember accidentally setting fire to light bulbs in chem, hearing stories about BM in physics, and being made fun of by ED. But I can't say that I've enjoyed anything more than just hanging with the boys. From playing football in the yard during my first year to sitting on the couches in the SLC this year, I'm very happy to have been there for every moment. I'm incredibly grateful to Selwyn and to everyone who helps make it as amazing as it is. Most of all, I'm proud to be a part of this class and I'm proud of every single boy in it.

Connor
Lynch-Staunton

Going to school is not fun; if it were, people would not be so eager to leave. While receiving an education may not always be the most fun, Selwyn House managed to make an otherwise boring part of life into the best experience that it can be. Most of the teachers here are kind, caring people who genuinely enjoy what they do. Overall Selwyn has been a fantastic experience and I am left with a wealth of memories. After being here for twelve years, you'd think I would have at least half an idea of what to write here, but I don't. Apparently, twenty thousand dollars per year cannot buy you 1000 characters of text, but it wasn't my money so it was worth every cent.

To say that my time at Selwyn went by quickly would be hideously incorrect. Five years is a long time. It just feels so short since it's all just a memory now. My time here has certainly been quite the experience, and I'm more than certain I'll have plenty more to come, as will we all. As I sit here, trying to think of something memorable to write, nothing really comes to mind, nothing but this: We shape our own destinies, rule our own lives, make this world our own, and nothing else can change that. This world is our responsibility, and nothing is going to save us if we mess things up, so we better get this right the first time. This may sound cynical, but right now, I don't see humanity lasting terribly long. Unless, of course, we do something about it. We just have to get our act together long enough for that to happen. Let us work towards a better humanity, and maybe, just maybe, we'll last that much longer. Our time is limited, let's make it count.

I am happy that I spent what little time I had at Selwyn House with absolutely no regrets. From a poorly planned out SSD, to really pushing the limits of some teachers, if I had the option to go back and redo it all I would not change a thing. In light of recent events, it may be hard to believe this, but I have nothing but the utmost respect for my classmates, and I am excited to see them for the first time in the "Real" world.

A little story to finish off the year: When I was in Grade 3 my parents were told (in a very polite way of course) that Selwyn might not be the right school for me. They came home that night, sat me down and asked me if I wanted to stay at Selwyn House. Together we overcame many challenges and eight years later, here I am, graduating. I'd be lying if I said that every moment at Selwyn was brilliant. I still consider Middle School the two most painful years of my life, but at the same time they are also the two most important years of my life so far. They taught me the value of friendship, the importance of learning from your mistakes, the value of perseverance and self-reliance. I leave Selwyn House happy, successful, and just a little neurotic! Thank you to all of my amazing teachers LF, RP, JB, JW, TD, and LM, and also thank you to my friends who've made these last few years truly incredible (you know who you are). Finally to my fellow classmates I thank you for everything, the good, the bad, the funny, and the sad. You've all made my Selwyn experience truly unforgettable. (SSD: I'd do it again with you my friends!)

"Everybody seeks happiness! Not me, though! That's the difference between me and the rest of the world. Happiness isn't good enough for me! I demand euphoria!"

As much as we all loathe school, I cannot deny that my past few years at Selwyn House have been more and more exciting. All of us have become closer and have created bonds that are not easily broken. The best moments were the moments that brought us together, that had us working as a collective. Acceptance is what characterized our graduating class of 2013 and it is something I cannot forget. In the end, I can't say I won't miss it, but I'm happy to see everyone move on.

Jason
Miller

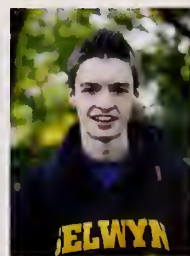

From the endless inside jokes, to the general horsing around that can only be found within the walls of a certain boys school, where over the past 12 years, I have developed a group of guy friends who may not all like me or respect me, but that I can call, Brothers. For the rest of my life, I will look back on Selwyn and remember the hockey championships we never won, or the group project that never really exceeded our expectations, but I will long to repeat it and relive the experiences and memories I have created and shared. Thank you to my parents for always supporting me through thick and thin. Thank you to the teachers for putting up with endless shenanigans inside and outside the classrooms, but still always tolerating and working with us. Thank you to the boys, for being the Selwyn boys of the Class of 2013. #FTB

Ian
Moore

After six years at Selwyn, I have memories that will stay with me for the rest of my life. These years have gone by so quickly, and I would never have imagined how quickly it would come to this point where I would be moving on. Over the years, I have developed as a student thanks to our teachers' insistence that we push ourselves to the limit, and as a person because of the inspiration of my Selwyn friends. I would like to thank my parents for supporting me throughout the years and making this all happen for me. I will always remember the great times - our jokes, trips, the school lunches and our baseball team actually winning a game. This class is incomparable because of the way we were always able to connect, and I couldn't have asked for a better one. Thanks for the experience boys - best of luck.

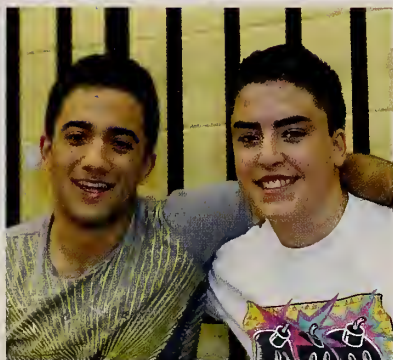

"If there is any such thing as good luck, it is that which results from hard work and preparation." - Unknown

Years at Selwyn have taught me that school is not a place just for studying. Other than academic pursuits, we're lucky to engage in numerous extracurricular activities that really highlight the fun of school life. Lots of these events keep the school vibrant and entertaining. Of course, that's not saying the academic aspect wasn't fun at all. Sitting in my first class, I was afraid the teachers would be strict and boring, but it turns out I was very wrong. Working with teachers like CL, TD, KB, BB, PS and JB, to name a few, showed me how fun school could really be. And of course the legendary DL. Gratitude to all the people that made it possible for me to make it where I am today!

"I'm the greatest, everyone else is trash" – Doublelift 2013

It's been a great year, and a great career at Selwyn. Thinking back to when I was younger, I couldn't wait for this time to come. Now that I'm here, I'm trying to hold onto every last bit of it. I'm going to miss everything. The good, bad, and the ugly. I'm going to miss MP jumping all over me at 8 o'clock in the morning. I'm going to miss SZ in the SLC for the last term. Believe it or not, I'm going to miss AA, MS, and MT in French class sticking it out together. How can I ever forget second term in English with MK, AN, AL, and JH. To the Downey brothers, I know I won't find better men than you guys in my life. You both taught me what it was to be a man. I will always remember that one play in football. I'm going to miss hockey and the team; no one is going to fill Scuba Steve's spot on the ice. Shout-out to the rest of the boys, you know who you are. Thanks for the years boys, I won't be able to forget them if I tried. SSD, "Atta boy Steve!"

Where do I even begin? Not even the hardest English assignment has ever seemed this daunting a task. Selwyn has been my life for the past 10 years. I entered Grade 2 as a shy boy and I am now graduating with confidence and a beard. All these years, countless grads have told me that I don't know what I have here until it's too late. I finally understand what they meant. Selwyn is special. The friendships you foster and the relationships you develop with your teachers are here to last. The memories made with your bros are great, be it on rugby trips to TO, histoire classes and late night iChats. I would like to thank all my teachers for making Selwyn a positive experience with special mention to HH, MM, PG, TD, MD, CD, DG, BB, & my math teachers. To my boys (you know who you are), the party continues as we explore the future together. Mom and Dad, you have been absolutely fantastic & thanks for the support. Gerry you're the man! CONGRATS 2 ALL & FTB!!!

Twelve years is a long time. Twelve years is especially long when you're 17 years old. I have lived through bad times at Selwyn but I can only remember the awesome times. There are a lot of people who have helped me get to where I am, to begin with all my teachers who aided me in my Selwyn House career. I obviously need to thank my parents who have provided so much support in my academic and athletic endeavors. But, most importantly I need to give a shout-out to all the chillers, my stairs boys, you all know we tore it up. Of course getting through some drowsy classes with my bud, going to miss that next year. I will always remember, the legendary Senior Skip Day, Grade 10 retreat, Grad Trip, Grad 2013. Love you guys, FOR THE BOYS!

Michael
Palayew

Boys, throughout my life I have never come across a group of individuals with whom I have had a stronger bond. You have shown me the true meaning of a brotherhood. I will never forget what each one of you has given to me as individuals and as a whole. Thank you all and thank you to my teachers and coaches for supporting me and mentoring me throughout my years. Wherever I go everyone will know that black and gold flows through my veins. Gryphons for life! FOR THE BOYS!

"From now until the end of the world...we and it shall be remembered... We few, we Band of Brothers...For he who sheds his blood with me shall be my brother." - William Shakespeare

"It's not the size of the dog in the fight, but the size of the fight in the dog." - Archie Griffen

"One's life only has meaning when one gives meaning to another's life."

Ulysses
Pamel

Some of the most important things I learned at Selwyn can be contained in a few pieces of advice. Curiously enough, some of the best advice originates from the Phys. Ed. Department. MA once gave me: "Don't reinvent the wheel," while AL offers: "The hips are key." When I really consider it, I've received good advice from everywhere. BB, JB, LP and PS taught me the best ways to write an essay, while BM gave me tips on picking up girls. The vast difference in life lessons from CB and KB is where I learned the meaning of "generational gap." From MW I learned to question everything, and I can't even begin to recount the sound words of wisdom I've heard from MB and PG. A good piece of advice is short and sweet; witty and memorable. Personally, I have no advice to give other than to appreciate all the people who give you advice.

You couldn't ask for a better school than Selwyn. The teachers and the students make for an atmosphere like no other. I will never forget the the nights out with the boys CTL, MK, ND, AN, JO, GP, MS, AL, NK, JLF, JP, SZ, SF, DB, AA, MP, you're all legends. This school will always hold a very special place in my heart. SSD FOR DA BOYZZ!!

I came to Selwyn in Grade 10. It's been a great two years with all the boys. And Mr. Mike Downey is the most impressive teacher of my student life. He's a very nice advisor and really helped me a lot. I appreciate him. Mr. Ivanovichi taught me well in drama and I really enjoyed his class. Yulong is always my best friend. And I made more friends. I don't want to say a lot. But I can feel it in my heart that I am part of the Selwyn House School 2013 grads. I am one of these boys. I am part of the Veritas. I wish all of us could have a bright and successful future.

It's crazy to think that the youngest of the Peress boys is finally graduating from Selwyn. I would like to thank my family for being there for me, and the teachers for making my five years at Selwyn truly unforgettable. Thanks KB and TD for all those great times in class. Good luck to Mr. Merritt, I'm sure you'll graduate from Selwyn someday. These past five years at Selwyn have been the best years of my life, and I'll miss every moment of them, even French class. I never want to leave this place. I would finally like to thank all my boys. I couldn't have asked for a better group of guys. True stories and dust action with AA, big beat downs on AL, legendary team with MK, math class with MP, double-teaming with NK, SSD FOR THE BOYS and so much more. May we never forget these fond memories boys because this is just the beginning. I love all you boys and you all better come visit me in Dubai, Hong Kong, Wall Street and Paris.

"You can take the boy out of Selwyn, but not the Selwyn out of the boy."

I like to think that in my seven years at Selwyn I've gone from a bright, awkward boy to a bright, awkward young man. During my adventure at this school I've definitely had my fair share of great times. Through explosions in Mr. Grier's sports physiology class, to taking a headbutt to the face in rugby, it's a wonder I'm graduating in one piece. All this being said, there's almost nothing I regret in my time at this school. I'd like to thank all my teachers that made a huge difference in my time in high school: MD, TD, DG, CL, DL (fallen), LP, ER, AP, JM, and PG. Also, a special thanks to my boys, who helped to build memories that'll last a lifetime. You guys made my Selwyn experience truly special. #FTB

Francesco
Resera

Selwyn House has truly been a second home to me. I arrived in Grade 7, anxious to see how things would play out for me as I headed into "unchartered" grounds, not knowing anyone and unsure what to expect. As the years unfolded, Selwyn has provided memories that I will carry with me forever. The caring teachers and passionate coaches kept the school spirit going. Over my five years at Selwyn, my graduating classmates I made have grown to be so much more than just friends - it's a brotherhood. I leave Selwyn knowing I will never lose touch with my friends, and plan to be returning for visits often. I entered Selwyn House as a boy, unsure what the future had in store for me. I leave Selwyn House as a young man ready to experience the world to the fullest. Ringrazio il Signore, mio genitori e nonni, per il loro sostegno costante. My life at Selwyn has truly been a great experience. Congrats graduating class of 2013! Selwyn House brothers forever!

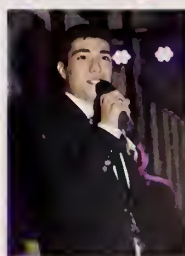

"Remember boys, a firm handshake and eye contact! First impressions mean everything." - Hal Hannaford

Kamil
Roy

Eight years at Selwyn House. Does that have a nice ring to it or what? From cracking jokes with teachers (most notably BM), to learning in an incredible environment, I've enjoyed my time here. I've made wonderful friends, got taught by incredible teachers and have taken on opportunities to do great things. I would like give a shout out to ma boys for being by my side during this wonderful adventure: JD, QW, AA, NS, IM, ND, FR, MS, AL and many others. I also would like to thank my teachers: MM, JB, BM, RP, CM, BM, VA, ED, AH, AB and LI for providing me with an elite education. Mom, Dad and Sabs; I couldn't ask for a more supportive family and I love you all. Although there's that classic expression, "All good things must come to an end," I instead look back at what an intellectual from a graphic novel (DM from *Watchmen*) once said, "In the end? Nothing ever ends." Even though the ride is over, the memories and good times are still fresh in my mind and that's how they'll stay - Unforgettable.

When we take this step we have to know to not look back, because we know we are not going that way! We are out of high school, and we don't have to know where we are going, but we have to let our minds lead us there.

I've been at Selwyn for 12 years, which accounts for 75% of my life. So when a new kid would just about feel settled in, I would remind them, as Bane would say, "You think Selwyn is your ally? You merely adopted Selwyn. I was born into it. Moulded by it." Nonetheless, these new classmates would soon become comrades on my journey through Selwyn. I will never forget my teachers from every year, if it wasn't for the extra push they gave me, I would have no work ethic, as opposed to the terrible one that I do have. The memories I've made, whether it is with the original kindergarten 30 to the final 61, will always remain with me. As for the friends I've made, they're for a lifetime, because they will always be my boys.

For most of this year I have not thought that it will be the last of my 12 here. Now it has suddenly struck me that I will soon be leaving the place where I have spent two thirds of the years of my life so far. Even more surprisingly, I will be leaving the place where I have spent over 10% of the hours of my life. If I exclude the time spent sleeping, it would be about 15% of my waking life. And that is still not including time spent doing homework. Since it would be impossible to describe over 15% of my life in this space, I won't try. I will just say that there are plenty of people that I will miss as I move into another chapter of my life.

These last five years have been the best years of my life. First of all, I'd like to thank MM for being a great inspiration to me both on and off the field, TD for believing in me and for teaching me to hang in there even when things weren't going my way, KB for putting up with me for two consecutive years and still being one of the chilliest teachers out there and MM for making Grade 7 English and history really fun and entertaining. Finally, I want to thank the boys of the Class of 2013. WE DID IT BOYS! If nothing else, I can say with 100% certainty that Selwyn boys are of a unique breed. We are strange, loud and crazy, but when push comes to shove, I know that wherever we wind up, the memories that we made at Selwyn will never be forgotten. Thanks for everything boys! SSD 2013. FTB!

It is indeed ironic that we spend our school days yearning to graduate and our remaining days waxing nostalgic about our school days. ~Isabel Waxman

Samuel
Stein

A relevant memory from my waning Selwyn House career comes from the spring of 2010. Having chosen ball hockey as my third trimester sport, I made the mistake of taking my schedule's promise of 90 minutes of exercise at face value. In reality, we spent a third of the activity playing and an hour watching others do the same from the Macaulay gym's bleachers. To escape the soul-crushing boredom in between games, we lunged at any potential source of entertainment. For some, this meant chatting with friends or slaying a digital dragon; my eyes were fixed on the stacks of musty yearbooks that decorated the staircase leading to the bleachers. Reading the testaments of Selwyn alumni who youth now evades, I harboured eagerness but also a touch of dread for graduation. Now that that moment has arrived, I feel that the experience at this school cannot be summed up in a short paragraph. Instead, I just want to thank my teachers, friends and parents for their role in shaping who I am. As I emerge from the cocoon of adolescence into CEGEP and beyond, I'm certain that traces of black and gold will always run through my veins.

Himanshu
Talwar

Time flies by so quickly, I can't believe that we are already graduating. I haven't been at Selwyn House for very long but I feel like I am a part of this class and I have to thank my fellow classmates for that. I will never forget the great times I had with all of you (shout out to UP, SSD 2013, For the Boys!!); I think that it is safe to say that we have all grown together with bonds tighter than a family. I'd like to give a special thanks to all the guys who've helped me feel like I belong with the group; MT, YX, DI, EC, WB, AA, and NK. I'm glad I came to Selwyn House; I know it has changed my life for the better.

So I guess this is it, 12 years later, here I am finally graduating. The years have just flown by. I'll always remember these great times at Selwyn. Grad Trip, Graduation, Grade 10 retreat, trips to Quebec City, Oka Beach back in the day or just kicking it in class, my experiences here have been amazing. Especially the LEGENDARY Senior Skip Day. Huge shoutouts to: DA BOYZ, y'already know we're always gonna chill, the stairs crew for being "go to guys" on a Friday night (you're all beauties), and to all the grads. Life at Selwyn wouldn't be the same without you guys. I'd like to thank my teachers and coaches and all those who supported and mentored me for these past 12 years and a big thanks to all those who helped me get into prep school, I couldn't have done it without you. Thanks to my parents for sending me to this wonderful school and supporting me for the past 16 years. Even though I'll be going to a new school next year, black and gold will always run through these veins. #FTB

The three years I spent at Selwyn have been by far the best three years of my scholastic career. I changed from a boy to a man and I owe it all to Mr. Maurovich. I would like to thank him for putting up with me over the past years, you truly are the best coach of all time. I would also like to thank my parents and all of my family for their support over the years. I couldn't have done it without them. I will never forget all the chill stuff that happened here at Selwyn, love all of you boys! Shout-out to DB for the sickest after party and to UP for SSD, 2013. FTB

"We was young and we was dumb, but we had heart."
-Tupac Shakur

It'll be difficult to chronicle 12 years' worth of appreciation and events in 1000 characters, but here I go. I must start off by thanking Mom and Dad for having stuck with me through thick and thin, and never wavering during the hardest of times. My younger siblings, Alex (you can't get rid of a Varvarigos that easily!) and Christina for having always brought my spirits up, and talking incessantly, but contentedly to the sound of a typing keyboard. To the Class of 2013, I'd like to thank you all for the great memories I will always have of attending this fine institution. I've seen people come and go over 12 years, but a few stand out, and for that, I'd like to thank AI, LH, CM, WDM SZ, CLS, HJY (with all his style) and EC for all the great rugby, collaboration and discussions that eased the grind of a regular day at school. Thank you to all my teachers and coaches, especially CM, RP, SJ, CS, AF, MM, LF, LP and BM. Without you, this school would not even come close to being as great as it is.

Qifan
Wang

I can't believe 11 years have passed since the first day I walked into Madame Martel's classroom in Grade 1. My Selwyn career has been an unbelievable experience and I do not regret for a second embarking on this amazing journey. I would like to thank my parents, who have put in immense amount of dedication and money towards my education. To my teachers, DG, MM, PS, JM, KB, BM, DL (fallen), and CL, thank you for making classes entertaining and not making me fall asleep all the time! And to my BOYS, you know who you are! We've done some really crazy things through the years and we've formed a brotherhood that will last a lifetime. It is 'cause of you guys that I can be proud to call myself a Selwyn boy. I came into Selwyn as a young boy, and now I leave as a man ready to take on the challenges of the world. Selwyn is truly a great school that has changed me for the better. #FTB, FOR THE BOYS!!!

Yulong
Wang

Schools in China almost ate my soul. Luckily, I came to Selwyn House in Grade 8 and it turned out to be the best decision of my life! (btw thank you again Ms. Gervais!). So here I was, straight from China, wandering around with excitement in a new school full of people of different ethnicities. Thank goodness people were nice to me. Varvar was my first friend and he gave me a really warm welcome and I would like to thank him again! And then my second and third year at Selwyn, people like SB, JD, CM became my best buddies. There are so many memories! And jokes only we could understand. I can never imagine a whole grade being so united and everyone is like a brother to each other. This is something truly amazing and I doubt we could experience this anywhere other than SHS. Thank you guys for the life-experience and friendship, love you all! The Chinese gang; my fifth cousin Qifan, Gaofushuai Scott and the LEGEND Kunlin, bros for 10 years. I can't believe we have been in the same school since we were 8; now that's called "YuanFen," nothing can break our bond.

Yuchen
Xie

When I decided to go to Selwyn House, I didn't realize how significant my decision would be. I have been to seven schools in my life so far, and I can tell you that Selwyn House is the best. Sometimes when I think back to my days at Selwyn, images come out from my mind endlessly and I deeply feel that time ran away - two years in a second. My first time presenting, first time singing on the stage, first time playing jazz music, and so on... I didn't expect that I could have so many great opportunities like this, and I believe the courage from my teachers and friends helped me to overcome the fear and give me more power to go further. Words are too pale to demonstrate my love to everyone at Selwyn at this point. The memories of my bros and teachers have been tattooed on my heart, which will always emerge whenever I close my eyes. I don't know why, but I just picture a little kid appreciating his dad for sending him to Selwyn. Yes, the little kid will be my son in fifteen years.

Five long years,
It's been quite a while
Filled with countless cheers.
I'm glad to have ended it in Style.

It took me five years, but I think I've finally embraced the notion of a small community. Aside from the sixty other boys in my grade -- I cherish them all dearly -- I've had the privilege to reach out to the lower grades to complement my group of friends. Everywhere I walked, be it the Lucas, Speirs or Macaulay buildings, I would always see a familiar face. These friends (or *fans*) really brightened my day and made my experience livelier. Not to mention my family and teachers -- their unwavering support has definitely made me a better person overall.

Though time goes on and paths diverge apart,
Memories stay fresh, etched in beating heart.

It's great to have such a loving extended family. Thanks guys!

Five years at Selwyn; somehow it doesn't feel like that many years have passed. I could have sworn that just yesterday, I was witnessing Mr. McCarney giving seven students detention in the first 30 seconds of class. Originally from public school, I remember going home that day terrified of the future. The past five years have been time consuming and exhausting to say the least - countless hours of homework, a plethora of projects and all nighters. However, these will not be the first thoughts that come to mind when I find myself reminiscing on my crazy high school journey. Rather, I'll think of the multitudinous lunch line mobs, the time spent with THE BOYS, in and out of class, SSD and Prom. Most of all, I'd like to thank my parents from the bottom of my heart for their love and generosity, I wouldn't be the man I am today if it wasn't for them. Lastly, to all THE BOYS, y'all know who you are, keep it real.

"Success is the sum of small efforts, repeated day in and day out." -- Harold R. Collier

Old Boys'

Association

Congratulations to the Class of 2013, and welcome to the Old Boys' Association (OBA). You may not realise it yet, but you are now part of an exclusive and far reaching network of fellow Old Boys. The OBA is there for you to keep in contact with one another, as well as informing you of the various activities the school has during the year.

Urge you to get involved and use the OBA to its fullest potential. We have Old Boys living all around the world in every type of occupation you can imagine who all share a common bond. I cannot emphasize enough the importance of this. As you move forward with your new adventures, be aware that the OBA is always here for you.

You may find yourself in a new city and simply want to connect with other Old Boys in order to expand your network and socialise. Others may want to speak to Old Boys about academic choices that lie ahead such as selecting a university or a program of study. Many Old Boys also use the network when it comes to career decisions and seeking employment for the first time. Whatever the case may be; social, academic or professional, the OBA can help.

We also like to have fun! During the year the OBA has many events for you to enjoy. The Annual Reunion Dinner each fall is a great way to reconnect with fellow Old Boys and reminisce about the school, friendships and teachers. The OBA also puts on several sporting events such as the Annual Old Boys and Friends Golf Tournament, the Annual Tennis Tournament, Wednesday night Old Boys' Basketball, Old Boys' Hockey Tournament, and even our new Ball Hockey Tournament just to name a few. We recently formed an Old Boys' Blues Band that performs each year, should you wish to keep up playing your favourite instrument. There are activities in Montreal, but also in cities such as Ottawa, Toronto, Boston, New York and even as far reaching as Paris and London.

As you move on to your new challenges, I hope you remember everything the school has taught you and most importantly what it stands for – Veritas.

Once again, congratulations and best wishes on your continued success. I look forward to your involvement with the OBA and all the best in the future.

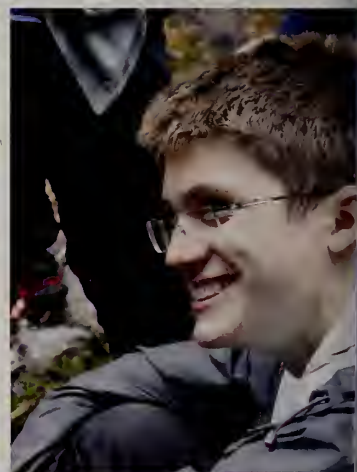

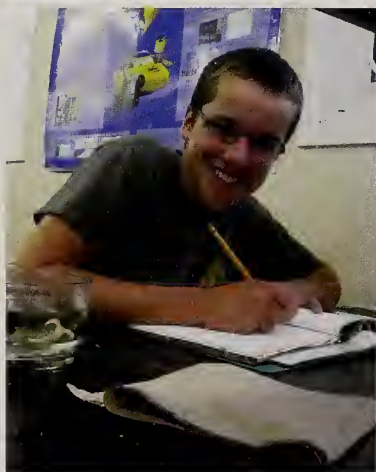

Charles Bierbrier '93, President, Selwyn House Old Boys' Association

The background is a dark, almost black, textured surface. At the bottom center, there is a large, bright yellow starburst or explosion of light, with many smaller yellow dots and streaks radiating outwards. The overall effect is dramatic and artistic.

Another successful year for you to look back on. Congratulations, Nolan, we are very proud of you.

Just for kicks, try getting through the entire year without a serious concussion.

Love Mom, Dad and Ben

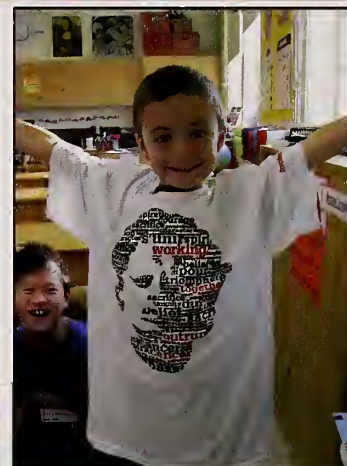

Cher Mathieu,

C'est ici que s'achève ta vie scolaire à Selwyn House.
Mais une nouvelle expérience commencera pour toi
en Floride pour pouvoir vivre pleinement ta passion
pour le golf. Nous te souhaitons le plus grand des
succès! Nous t'en savons plus que capable!

Nous sommes si fiers de toi! Nous t'aimons très fort
et tu nous manqueras énormément!

Tes parents Sophie et Louis Leblanc
ainsi que Thomas et Juliette

GianCarlo,

Your family continues
to be very proud of you.

Mom, Dad, and Corina
We Love You. XOX

2012-13

Your Name

*You got it from your father,
It was the best he had to give,
And right gladly he bestowed it
It's yours, the while you live.*

*You may lose the watch he gave you
and another you may claim,
But remember, when you're tempted,
to be careful of his name.*

*It was fair the day you got it,
and a worthy name to bear,
When he took it from his father
there was no dishonor there.*

*Through the years he proudly wore it,
to his father he was true,
And that name was clean and spotless
when he passed it on to you.*

*Oh there's much that he has given
that he values not at all.*

*He has watched you break your playthings
in the days when you were small.*

*You have lost the knife he gave you
and you've scattered many a game,
But you'll never hurt your father
if you're careful with his name.*

*It is yours to wear forever,
yours to wear the while you live,
Yours, perhaps some distant morn,
another boy to give.*

*And you'll smile as did your father
with a smile that all can share,
If a clean name and a good name
you are giving him to wear.*

Edgar A. Guest (1881-1959)

We are very proud of you Odyssea.
KAI EIS ANOTERA!

Love,
Mommy, Dad and George

Since the day you began, and we suspect long before then, you've always loved Selwyn. It is hard to believe that you are now an old boy. The time has passed too quickly.

Congratulations Benjamin! Your Grade 11 year was your very best. This yearbook is a wonderful legacy and you should be proud of your accomplishments.

Mom and I love you very much and are very proud of the young man you have become.

You now begin your next stage and although it will be filled with challenges, we are confident that Selwyn has helped you prepare for them and that you are ready for whatever comes your way.

Good luck in cinema at Dawson next year and remember that we are cheering you on - every step of the way.

Love Mom, Dad & Nolan

Yann Maurice Drummond McNiven

Education is not the filling of a pail but the lighting of a fire.

-William Butler Yeats, Irish poet (1865-1939)

The mind is not a vessel to be filled but a fire to be kindled.

-Plutarch, Greek Essayist (46-120 AD)

Très cher Yann Maurice,

However it is expressed and whoever said it first,
you and your school clearly both got the Big Idea.

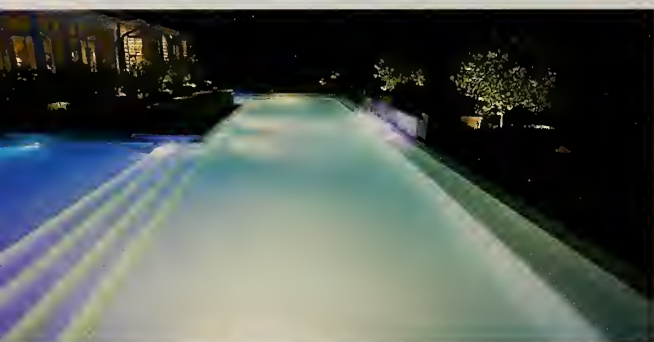

Many Congratulations for your Persistence, Determination and Success.

We are all very proud of you.

Un grand Bravo & Félicitations !!
